

The International Council on Monuments and Sites (ICOMOS) proposed the idea of World Heritage Day in 1982, and it was approved by UNESCO's General Conference the following year. The first World Heritage Day was celebrated in 1983, and since then, it has become an important event for promoting awareness about cultural heritage.

ICOMOS Founded: 1965

The theme for World Heritage Day 2023 is "Heritage Changes"

The theme for World Heritage Day 2023 is focused on the crucial issue of climate action and its relation to cultural heritage. In the past, the theme has been based on various aspects of cultural heritage, such as "Shared Cultures, Shared Heritage, Shared Responsibility" in 2020, "Heritage for Generations" in 2018, and "Cultural Heritage & Sustainable Tourism" in 2017.

History of Heritage Day

The history of World Heritage Day can be traced back to 1982, when ICOMOS proposed April 18 as the International Day for Monuments and Sites. This event was followed by UNESCO's adoption of Heritage Day during its 22nd General Conference in 1983.

The ICOMOS organization was created based on the principles in the Venice Charter, also known as the 1964 International Charter on the conservation and restoration of monuments and sites. Since then ICOMOS provides a different theme annually to celebrate World Heritage Day and educate the world about the same.
